Greystone has come to town, Boulder. We're all in. Let's celebrate!

We've enjoyed serving clients in Boulder for the past 10 years and now we've made the leap to local! Our expanded Boulder presence will allow for an increased focus on quick, personal service. Don't worry, we aren't asking you to spend an afternoon in our office, and there's no sales pitch. Our new space is conveniently located right above the Upslope Brewery and let's be honest, that's a much better place to socialize. We would love to have you celebrate with us!

March 19, 4-6 PM

Upslope Tap Room, Flatiron Park
(Live music to follow, from 6 pm onward!)

Join us for tasty snacks, good times and of course, GREAT beer by the fine folks at Upslope Brewing!

We've reserved the Work Cafe Space, and will have access to the patio (weather permitting) and the remainder of the public space.
